INTRODUCTORY.

The BROOKLINE DIRECTORY for 1895, No. 16 in the series, contains besides its usual complete and comprehensive list of names of residents, business concerns, town officers, societies, etc., two new features which cannot fail to make the book still more important and desirable than previous issues. These are a street directory, giving the names and residential numbers of the dwellers on the streets and avenues, and a directory giving the location of each street, showing what other streets run from or across it, with the numbers at which they intersect. These additions will be found both interesting and valuable. No pains have been spared to render the book accurate and comprehensive, and worthy of the wealthiest town in the U. S. Business men realize the importance and value of a book of this kind and all the more progressive avail themselves of it, and the general public desire for constant consultation an accurate directory, such as we endeavor with unsparing pains to present.

The following synopsis is appended:—

Names in 1895	6,393

Comfort Bath Tub

PATENTED.

— ● —

THIS tub is made in a new shape for the greater enjoyment of the bather, giving ample room for the movement of the arms without striking the sides or edges of the tub. It is made in the most substantial manner and has a movable partition, so that for a child's bath or foot bath only a small amount of water need be used.

If you want to enjoy the luxury of a bath, you must have this tub; then you will not suffer any pain from injured crazy-bones by coming in contact with the edges of the tub.

—

We also manufacture the Finest Grades of Faucets, both the Compression and Self-Closing, also the Best Safety Ball Cock; Solder of all kinds and the Sanitary Water-Closet.

REGULATIONS CONCERNING FIRE ALARMS.

First alarm to be given on bells, by striking four rounds.

Second alarm to be given by ten blows struck once.

General alarm to be given by striking ten blows twice.

1 One stroke at 12 M. Washington time, and 9 P. M. every evening.

1-1 Two strokes slow for fire out, and all apparatus under way will return to quarters.

One first alarm from boxes 26-27-32-33-34-35-36-37-38-39-41-43-45-46-312, Hose 3 will take position in Hose 1's house

On second alarm from boxes 16-17-18-19-21-23-24-29-212, the Chemical engine will take position in Hose 1's house, and the Combination Engine will take position in Hook and Ladder No. 1.

On second alarm from boxes 7-8-26-33-34-35, the Chemical engine will take position at Hose 1's house.

Members of companies not responding on first alarm shall report at the house of their respective companies, and remain there twenty minutes, unless the recall signal has been sounded. After a first alarm has been given and before the recall signal is sounded, should an alarm be given from another box, all unemployed first and second alarm companies will respond.

22 Signal for no school, 4 rounds.

Also a special box from Town Hall except between the hours of 7 45 and 8.30 a. m.

EUGENE N. DAVIS, Supt

INFORMATION FOR YOU.

Before ringing an alarm be sure that a fire actually exists.

Do not give an alarm for a fire seen at a distance, as all needless alarms are an expense to the town, and should be avoided as much as possible.

To give an alarm, break glass in front of small box, take the key you will find there, open door to fire box, pull down the hook in the box once (without jerking), and let go. Wait a few seconds and if you hear no clicking of the wheels, pull again (no clicking, no alarm); if then no movement is heard, go to the nearest box and try, after which report immediately to the superintendent or at the Station House, the box out of order.

All persons giving fire alarms are requested to remain by the box, if possible, to direct the firemen to the fire. Each box contains a small bell which if heard before you pull indicates that the alarm has been previously given.

After the first alarm has been rung in, all other alarms or signals are given only by the engineers.

Tampering with any of the apparatus connected with the Fire Alarm Telegraph will be prosecuted to the full extent of the law.

SPECIAL NOTICE.

The fact that an alarm box is located near their residence and where the key is kept, should be known to all persons, both male and female, and the simple manner of giving an alarm in case of fire should be a matter of common education. The Board of Engineers recommends to all persons who may see this notice, that they make all necessary inquiries to enable them, in case of need, either to get the key and pull an alarm in, or direct others to do so. Time saved in this way may prevent a conflagration.

GEORGE H. JOHNSON, Chief Engineer.

GENERAL INSTRUCTIONS.

See that your letters are sealed and stamped.

Do not abbreviate the address. Always use street address or box number when convenient.

"Visitors" or "transients" should have mail addressed "in care of," etc.

Place your address on upper lefthand corner of envelope, and it will be returned if undelivered.

Place your stamp in upper right hand corner.

Nothing except an address label can be attached or pasted on postal card, except at letter rates.]

Postmasters are permitted to read postal cards, to prohibit the mailing of obscene literature.

Second, third and fourth class matter must not be sealed against inspection.

There is no limit of weight to first or second class matter or single books; all other matter is limited to four pounds.

Liquids can be mailed only in wooden or metal boxes.

Persons sending postal cards and who write upon the address side of them "in haste," or other words unconnected with their delivery, subject them to letter postage, and they are held as unmailable.

RATES OF POSTAGE IN U. S.

Registered Letters and Packages, 8 cents each, in addition to regular postage. *Postal Cards*, one cent each. *Circulars*, 1 cent for two ounces or fraction thereof.

Transient newspapers, magazines and other periodicals, when sent by other than a news agent or publisher, 1 cent for 4 ounces or fraction. Any other articles of printed matter, 1 cent for 2 ounces or fraction, prepaid by stamps. Newspapers and periodicals, to regular subscribers, when sent from office of publication or from news agent, 1 ct. a pound. Regular matter for local delivery when it is to be delivered by carriers, can only be mailed for one cent each for newspapers (excepting weeklies), and periodicals not exceeding 2 ounces; and two cents each for periodicals weighing more than two ounces.

All transient matter must be sent in a cover open at the ends or sides. There must be no word or communication written on the same after its publication, or upon the cover, except the name and address of the person to whom it is to be sent, and the name of the person sending same. There must be no paper or other thing inclosed in or with such printed matter.

Parcel Postage.—All articles of merchandise (except poisons, explosive materials, etc., liable to injure the mails), 1 cent for every ounce, not exceeding 4 pounds.

Postal Notes.—For any amount not exceeding \$4.99, uniform rate of three cents.

SPECIAL DELIVERY.

The special delivery system includes all post offices in the United States and all classes of mail matter.

Accordingly every article of mailable matter, mailed at any post office in the United States, to which is affixed a 10 cent special delivery stamp in addition to regular postage, will be delivered at Letter Carrier offices within the carrier limits, immediately on arrival between the hours of 7 A. M. and 11 P. M., and at any other post office within a one mile radius between the hours of 7 A. M. and 9 P. M.

PROHIBITED ARTICLES.

The following articles are prohibited from transmission. Publications which violate the copyright laws of the country of destination; poisonous and explosive substances; live or dead animals, except dead insects and reptiles when thoroughly dried; fruits and vegetables, and substances which exhale a bad odor; lottery tickets, lottery advertisements or lottery circulars; all obscene or immoral articles; articles which in any way damage or destroy the mails or injure the persons handling them. Live bees are mailable as merchandise (4th class matter), at 1 cent per ounce, if so put up as to run no risk of soiling or injuring the mails, or escaping and to be easy of inspection.

The growing demand for **ARTIFICIAL ICE** is due to its absolute purity and freedom from bacteria in any form.

Made from *distilled water*, it is perfectly safe for drinking and all domestic uses, and is highly recommended by *physicians* and "*Boards of Health*" as being the only ice safe to use for all purposes, while it is a well-known fact that natural ice contains more or less deleterious matter from surface drainage and other sources, that renders it a positive menace to health.

ARTIFICIAL ICE is supplied at the *usual rates* charged for the natural product, and house-keepers will find it more economical.

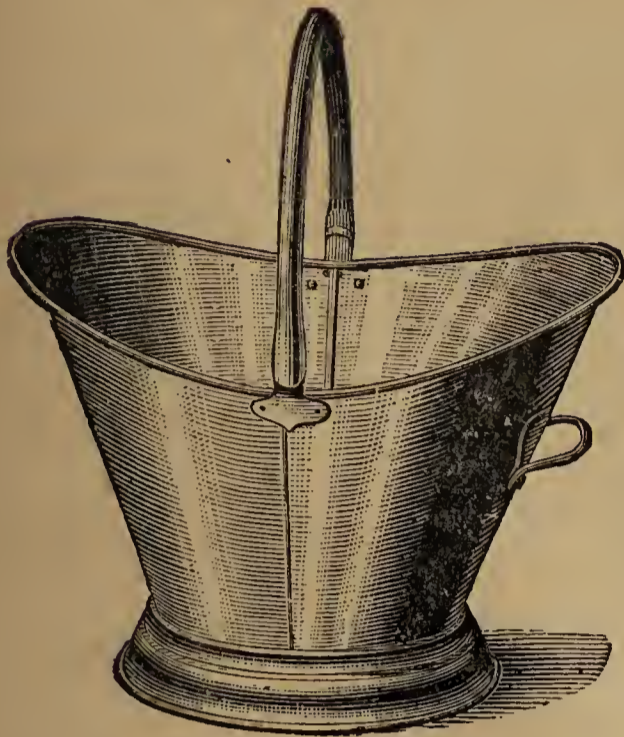

It does not **TAINT** the ice-chest or any food which comes in contact with it.

The above company are prepared to supply families in Boston, Brookline, Jamaica Plain and Foxbury.
